Environmental Studies Committee Charges

**Steering** -- advise Program Director on matters that the Program Director considers as appropriately and effectively addressed without involving the entire Executive Committee.

**Personnel** -- advise the Program Director on salary issues and issues related to development of individual faculty.

**Undergraduate Program** -- review and make recommendations to the Program Director and the Executive Committee regarding all issues related to the Undergraduate Curriculum; advise the coordinators of the Environmental Leadership Program. Establish, review, and recommend to the entire executive committee revisions of undergraduate curricula, academic standards and processes, and requirements for undergraduate degrees, minors, and certificates.

**Graduate Admissions and Recruitment** -- develop effective recruiting strategies; review graduate applications and make recommendations to Executive Committee for admission.

**Graduate Program** -- establish, review, and recommend to the entire executive committee revisions of graduate curricula, academic standards and processes, and requirements for undergraduate degrees, minors, and certificates; evaluate progress of first-year graduate students; advise Program Director on GTF assignments.

**Seminar and Events** organize and coordinate faculty research series, joint campus conference, other community building events.

**Scholarships and Awards** -- advise Program Director on appropriate distribution of graduate awards (Barker) and undergraduate scholarships, when available.

**Publicity and Publications** -- provide Program Director and Ecotone staff guidance about Ecotone and newsletter (ReNews) publication. Help develop guidelines for CAS Development efforts for the program. Help develop news stories and featured items for website.

**Community Building and Diversity** -- participate in and provide feedback on university-wide diversity initiatives. Advise Program Director on other issues and activities related to community building and diversity.

**Ad Hoc Committee on Interdisciplinary Research** -- develop a proposal on how to encourage and support interdisciplinary research.

**Environmental Humanities Initiative liaison** -- provide open lines of communication to and from ENVS faculty and those involved in the EHI.

**ESI (Environmental Science Institute) liaison** -- provide open lines of communication to and from ENVS faculty and those involved in the ESI.

**Food Studies (FS)** -- provide open lines of communication to and from ENVS faculty and those involved in Food Studies.
