Internship Opportunity
Oregon Department of Fish and Wildlife
Mid-Columbia District

The Mid-Columbia District of ODFW is seeking an intern to assist with wildlife management duties within the district. The position will be located in The Dalles. Duties for the position include:

- Participate in and assist Mid-Columbia Wildlife District with general management activities (e.g. upland bird counts, habitat projects, and other wildlife surveys) in order to gain a wider diversity of general experience at the wildlife district level.
- Assist with habitat maintenance and improvement on the Lower Deschutes Wildlife Area. Duties to include habitat planting, fence removal, and weed control activities.
- Locate and track Black-tail Deer within the Cascades utilizing radio telemetry to determine summering areas and habitats.
- Assist with Upland Cooperative Access Program.
- Assist with general data entry and organization.
- Assist with district/research fish activities when needed.

Housing will not be provided. For more information on the position contact Jeremy Thompson, District Wildlife Biologist. 541-296-4628

Interested individuals should submit a resume via email to Jeremy.L.Thompson@state.or.us.
