Internship Opportunity
Oregon Department of Fish and Wildlife
Ochoco District

The Ochoco District of ODFW is seeking a Summer intern to assist with wildlife management duties within the district. The position will be located in Prineville. Duties for the position include:

- Participate in and assist Ochoco Wildlife District with general management activities (e.g. upland bird counts, habitat projects, and other wildlife surveys) in order to gain a wider diversity of general experience at the wildlife district level.
- Assist with habitat maintenance and improvement on the Prineville Reservoir Wildlife Area. Duties to include habitat planting, fence removal, and weed control activities.
- Assist with posting signs, patrolling and monitoring two Cooperative Travel Management Area’s in the Ochoco National Forest.
- Assist with general data entry and organization (GIS and database experience helpful).
- Assist with district fish inventory when needed.
- Potential opportunity to work on wildlife management projects on other districts as needed.

Housing will not be provided. For more information on the position contact Greg Jackle, District Wildlife Biologist. 541-447-5111 x 26

Interested individuals should submit a resume via e-mail to greg.s.jackle@state.or.us.
