INTERNSHIPS WITH CAMP FIRE WILANI
OFFICE LOCATION: SPRINGFIELD, O AND PIONEER PARKWAY - ON EMX ROUTE. SOME TRAVEL REQUIRED.

Environmental Education/Outdoor School Program Specialist (Undergraduate)
Environmental Education/Outdoor School Program Coordinator (Graduate)

Camp Fire Wilani is seeking creative, positive, self-starting students to help develop a brand new residential and non-residential Outdoor School program/curriculum and perform outreach to schools for program partnership. Strong performance and a good fit may lead to seasonal or full time employment. Planning takes place at Springfield office and offsite. Program facilitation to take place at Camp Wilani @Havenroot in Veneta, Oregon - a resident summer camp and event center. Camp is 25 minutes West of Eugene. Non-residential programs take place at state and regional parks near rural municipalities. Transportation options provided.

Multi-term opportunities possible. This internship comes with a stipend for food and travel.

WINTER 2019
- Aid in the development of new residential and non-residential Outdoor School/Environmental Education/Stewardship Programs aligned with NGSS
- Perform outreach to educators and school administrators
- Develop pre and post program evaluative tools
- Develop budgets for residential and non-residential programs
- Liaise with OSU Extension
- Seek out grant and other program funding opportunities
- Aid in the development of recruitment tools
- Attend workshops, trainings, and events (attendance covered by sponsor)

SPRING 2019
- Perform school/participant recruitment
- Travel to schools for pre-experience student/teacher orientation
- Develop program supply and gear lists
- Facilitate residential and non-residential programs at Camp Wilani and in rural Oregon areas
- Administer pre and post program surveys
- Participate in required risk management trainings
- Aid in grant reporting

Requirements
- Some field experience teaching/working with youth in the outdoors
- Enthusiasm and a caring, patient attitude with a strong work ethic and commitment to risk management
- Working knowledge of regional flora, fauna, and natural systems
- Experience in lesson development and facilitation
- Willingness to find joy and enthusiasm in Oregon’s varied weather
- Detail-oriented, positive, cool under pressure
- Outstanding communication and customer service skills
